Club Spotlights - Achievers

On April 6, the Achievers 4-H Club participated in the 2024 Society of Women Engineers Engineering Expo at Century II. At our booth visitors played the hook-and-loop game, made Life-Saver pendulums, and were able to learn about 4-H. Lots of people, even Engie, visited our booth. Both kids and parents liked our fun and challenging game and many families left with more information about 4-H and some great 4-H swag.

Note; Engie is the expo mascot. See pictures in header.
